Fork Lift Truck Operator Experienced

This course is designed for existing users of Fork Lift Trucks who are in need of formal training in order to meet the requirements of the Health & Safety At Work Act. The syllabus consists of both classroom and practical tuition. The new JIC test accredited by the R.T.I.T.B is conducted at the course conclusion. Please note that this now consists of three parts all of which must be passed before the trainees can be awarded a certificate.

Course Content

An Appreciation Of The Health & Safety At Work Act With Special Emphasis On Employee Responsibilities

Fork Lift Truck Stability

Operator's Safety Code

Vehicle Sympathy & Pre-Shift Checks Including Testing Of Candidates On This Feature

Stacking & De-Stacking

Practical Corrective Training To Eradicate Any Poor Or Dangerous Operating Habits That May Have Developed

Practical Operating Test Conducted To The Standards As Laid Down By RTITB Services Limited

Written Multi-Choice Examination

Please Note: This Test Must Be Passed And Has A Mark Of 80%

Successful candidates completing the test are awarded a Certificate which is recognised by H.M. Health & Safety Executive as proof that formal training has been carried out in accordance with section 2 (c) of the Health & Safety At Work Act and as directed by the Approved Code of Practice relating to Lift Truck Operator Training (L117) (Third Edition 2013)

A separate training report is also prepared on each person and this is designed for Management usage.
